CONVENTION FEVER

June has come this year just as in other years. But there is something different about it this time. Ask any politician. In Washington, congressmen are working with uncustomed speed to clear their desks before June 21. Throughout the country several thousand persons are nervously preparing for a trip to Philadelphia. Several million are anxiously checking their radios.

It's all part of the national jitters that recur regularly every four years. It's known as convention fever. This year the epidemic is particularly acute. Among those suffering the worst from it are such prominent men as Thomas Dewey, Harold Stassen, Robert Taft and Earl Warren. They won't get over it until some time late this month. Then they'll feel even worse — if somebody else gets the nomination.

Well, we can look for the political temperature to rise steadily until late this month. Then all the "hot air" will be concentrated temporarily in Philadelphia. This will cause a thousand or more delegates there to "go crazy with the heat." While in that condition they will pick their nominee. It's all part of what we call the American way of life.

THIS WEEK IN HISTORY — "D-DAY"

To some people it may seem like 10 years ago, but according to the calendar it is just four. Four years have passed since that June 6 when unparalleled fury broke suddenly over the beaches of Normandy.

The long-awaited invasion of the continent had come. That event, by the way, occurred almost four years to the day on which the last remnants of the British forces at Dunkirk made their escape and left the continent in Hitler's control.

The Normandy invasion will go down in history as probably the most thoroughly planned and one of the most ably executed of all time. Certainly, no single military project had ever involved more in the way of preparation. Had it been any less thoroughly prepared it could never have succeeded in the face of such enormous odds.

Some day men may learn to work together as skillfully in the political and economic realms as they did on that military venture. If that day comes — and it must come if the world is to survive — the attack on war itself will be so devastating as to completely obliterate it from human experience.

"VOICE" CONTROL NEEDED

Last year the "Voice of America" programs came under sharp criticism. Many Congressmen felt that the information beamed to other nations — supposedly designed to help them to better understand America — was doing more harm than good. The broadcast praising Henry Wallace at the time he was in Europe speaking against American foreign policy, was cited as the prize example.

The State Department, under whose control the "Voice" was operating, promised that such things wouldn't happen again. On the strength of this promise, together with the realization that propaganda broadcasts of the right kind were necessary, Congress voted \$27 million for the 1948-49 program.

Now they find that the "Voice" is off key once again. This time the Congressmen are even madder than they were before. The slurs against Texas, Nevada, Alabama and New England made over the air have put them in a mood to toss the whole foreign broadcast idea onto the junk heap. And we'd be better off with it on the junk heap if the State Department can't exercise better control over it.

If the "Voice of America" project is worth spending \$27 million on, then it is worth enough for the State Department to see to it that the programs do something other than ridicule America.

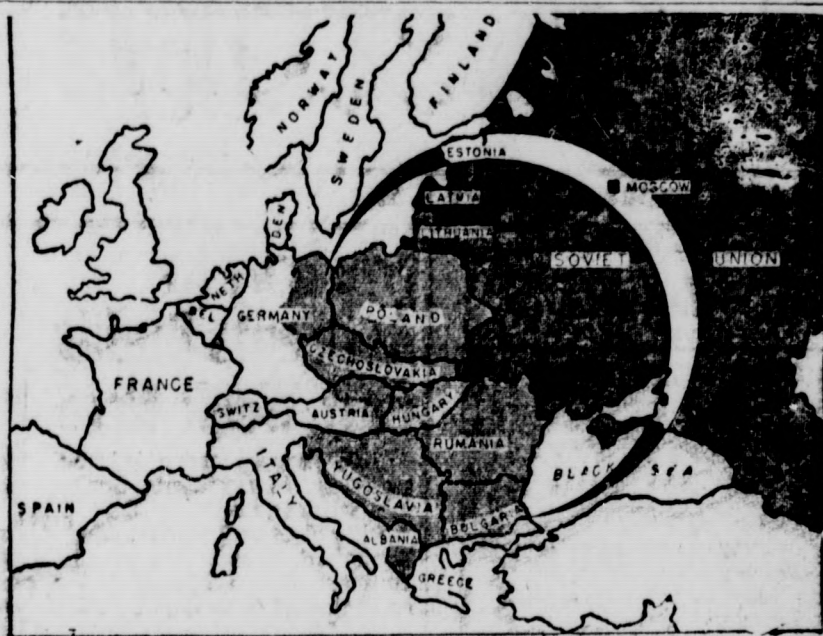

Maybe what we really need is a whole new State Department.

COMING FLOOD

If you think the schools of California are crowded now, just wait! In about four or five years, you'll really see something. School officials who keep an eye on the birth rate for its effects on school attendance in later years, are looking anxiously toward 1952. That's the year when the full force of the war — and postwar activity of the stork is expected to have its impact on the educational system of California. In spite of the multi-million dollar building program now going on, it is predicted that the present shortage of about 3,000 classrooms will more than double in the next five years. Adding to the problem of providing adequate facilities is the rising cost of construction. At \$12 a square foot, school building costs are nearly twice as much as they were a few years ago. If both building costs and the birth rate continue to go up it may eventually be necessary to keep the kids home and have the classes conducted by radio. Wouldn't the kids love that!

NEW TECHNIQUE

Washington observers are finding a good deal to comment about in President Truman's new speaking style. As you've probably heard, he is getting away from written speeches and is going in for extemporaneous talks. The effect has been remarkably good. It gives the President the opportunity to "chat" with his audiences in simple, "homey" terms, instead of addressing them in the studied and somewhat laborious language of "ghosted" speeches. This new style should be a distinct asset to him in the coming campaign — assuming that he'll be in the campaign as the Democratic nominee. It will serve to emphasize the personal characteristics which have won him the name of "Mr. Main Street."

EXPANSION OF COMMUNISM IN EUROPE—In timetable fashion, Czechoslovakia became the seventh state in eastern Europe to be engulfed by the red tide of Communism. The map shows the progress of encirclement. The schedule so far: March, 1945, Yugoslavia and Rumania; December, 1945; Albania; May, 1947, Hungary; September, 1947, Bulgaria; October, 1947, Poland; February, 1948, Czechoslovakia.

The speed and ease with which the Communists gained control in Prague may encourage them to take similar action elsewhere. Communism, like Fascism or Nazism and the other totalitarian ideas, seems unable to stand still. Where will it strike next?

SMOKE SIGNALS

By Carolyn Bucher

Jefferson has two up-and-coming athletes to be very proud of — Chuck Christian, at a recent try-out for the San Francisco Seals' ball club, was among the boys who were chosen to go to Boyes Springs, the Seals' training camp, this summer. Louie De Salvatore, Jefferson's varsity track star, represented Jefferson in the Northern California track meet at Berkeley May 15 and was placed fifth in a group of 14 contestants.

Mrs. Anderson, dean of girls and board adviser, was hostess to a group of executive board members at a dinner given at her home recently. Dinner was followed by a discussion on the revision of the school constitution. The executive board members who attended were Ray Settrini, Dot Racette, Babs Tonella, Terrie Gomes, Oscar Gustaf, Jackie Cuneo, Eleanor Solaga, Mario Stanghellini, Jim Silacci and Ray Lagomarsino.

The Tom Tom, the 1948 year book, has been completed and sent to press. It has been reported that the year book is now in the process of being bound, and will arrive during the last week of school.

Jola Gorsuch, a sophomore member of the California Scholarship Federation, and Jefferson's representative to the recent UNESCO conference, spoke to all of the American "Problems" classes last week on the purpose and function of UNESCO (United Nations Educational Scientific and Cultural Organization).

At the last meeting of the high senior class it was decided that the senior picnic would be held on June 17, the day after graduation, at the Hearst Guest Ranch near Pleasanton. The picnic will be an all-day affair climaxed with a dinner followed by dancing.

Four Jefferson girls sang at the annual Firemen's Ball which was recently held in the high school auditorium. Gloria Hanchey sang two numbers: "How Soon" and "But Beautiful," and the Jefferson trio, Terrie Gomes, Gini Marsh and Helen Plate, sang a medley of songs. Each of the girls was presented with a beautiful gold compact by the Fire Department.

Members of the advanced chorus and band received their blocks for participation in school musical performances conducted this year. This is the first time in several years that the music department has issued blocks to its students. Money raised from the recent music concert will go toward the payment of the blocks, which are blue and gold.

All's over but the shouting. I'm referring to "Braziliana," Jeff's Latin water pageant, which was such a huge success. Congratulations are in order for the directors of the aquacade — Jeanne Diederichsen, aquatic numbers; Roy De Vincenzi, theatrical sequences, costumes, sets and lighting; Elaine Parkhurst, dance routines; Anita Lehigh, specialty numbers; Juanita Young, comedy diving; and each of the students who participated in the aquacade, doing such a grand job and making it a success. Congratulations.

The high senior class is being kept very active this week — decorating the auditorium to the theme, "Blue Champagne," and making final arrangements for their senior ball which is to be held tomorrow night at 8:30 in the high school auditorium.

Peas are Gamble
Although the garden pea is a most important food crop in America it is not well suited to small gardens in most parts of the country. Fresh peas are highly nutritious and delightful to eat, but they take too much seed, space, time and work to grow, harvest and prepare, in comparison with many other vegetables that might better be grown. They are sensitive to hot weather and are rather a gamble in many parts of the country.

Prospect for Oil
At least four major oil companies are prospecting for oil on the coast of North Carolina.

High School Grads May Qualify For The U. S. Air Force

A chance for this year's high school graduates to compete along with college men in qualifying for Aviation Cadet Pilot training with the new U. S. Air Force was announced today by Captain Francis R. Fitzgerald, in command of the U. S. Army and U. S. Air Force recruiting station at 428 Market street in San Francisco.

"With a small amount of preparation on his part," the Captain explained, "the average high school graduate can meet the two-year college requirement by successfully passing an equivalent educational examination." Additional eligibility requirements for Aviation Cadets permit only unmarried men between the ages of 20 and 26½ to apply, and specify that they must be in good health and of sound physique.

Capt. Fitzgerald stated that members of a special traveling Air Force team will visit both this station and the office located at 2399 Mission street between June 1 and June 5 for the purpose of interviewing men who are interested in receiving the opportunities and benefits for which this intensive Cadet training qualifies them. These special Air Force representatives will be on hand at both locations from 9 a.m. to 5 p.m. each day Tuesday through Saturday, he said.

Aviation Cadet graduates are commissioned as Second Lieutenants in the Air Force Reserve, and are given the aeronautical rating of pilots. Captain Fitzgerald revealed, if they have two or more years of college, they may compete for a commission in the Regular Air Force. As Cadets, they receive \$75 per month, plus their food, clothing, housing and medical and dental care. Upon graduation, they get \$336 a month, plus \$500 for each year of active duty. They must agree to serve for three years.

Food Storage
Light fades the colors of canned food making it less attractive and decreasing the vitamin content, specialists of the Agricultural Extension service point out. If foods are stored on light shelves an old window shade can be put in front of them to keep the light out. The shade can be raised or lowered to get supplies.

News Column For The Veterans

Veterans attending colleges and universities under the G-I Bill must obtain supplemental certificates of eligibility from Veterans Administration if they plan to enroll in a new school this summer or next fall.

The certificates should be requested from the VA regional office at least 30 days before the date the term opens at the new school. Advance requests will help speed prompt payment of subsistence allowances after the start of the new term.

Supplemental certificates to the original certificate of eligibility issued by VA are necessary only when a veteran changes from one school or training establishment to another.

Veterans who will attend a different school this summer from the one in which they are now enrolled should apply immediately for their new certificates. If they will not enter the new school until the fall term, they may wait until later on this summer.

Those veterans changing schools for the summer term and planning to return to their present institution next fall will need a second supplemental certificate to enable them to re-enter their present school at that time.

The veteran's full name, correct address, VA claim number and present training establishment should be included in any request for new certificates.

Question: May I work while I am enrolled for rehabilitation and training under Public Law 16?

Answer: A disabled veteran, while pursuing vocational rehabilitation training, should not engage in employment except with approval of the training officer, and in cases of serious disability, only as approved by medical authority.

Question: I am a World War II veteran and plan to go to school under the G-I Bill for the first time next fall. When should I arrange for my entrance into school?

Answer: You should arrange for your entrance into college or other institution of learning at the earliest possible moment.

Question: What benefits, other than subsistence allowance, is a veteran entitled to while pursuing a course of instruction under the G-I Bill?

Answer: Veterans Administration will pay for his tuition, books, supplies, fees, and other authorized expenses within certain limitations.

Question: May I take graduate work under the Servicemen's Readjustment Act?

Answer: Yes, if eligible, you may take graduate work under the Servicemen's Readjustment Act (G-I Bill).

Jobs' Daughters Bethel Started In Bay View

The new Bethel for Job's Daughters was instituted on Sunday, May 16, at the Masonic Hall, 4705 Third street, in the Bay View district. Alice Swensen, grand guardian, was the instituting officer, assisted by Mrs. Stella Jensen.

The officers selected and installed were Mary Jacks, honored queen; Virginia Anderson, senior princess; Miriam Yerzy, junior princess; Beth Neidegger, guide, and Joan Plumley, marshal. The hall was crowded to capacity without even standing room to witness this outstanding event. Supper was served for all the girls and their parents or guardians, and those who took part in the ceremonies.

Meetings will be held on the first and third Wednesdays of the month at 7:30 p.m. Parents and guardians of the girls and those with proper Masonic affiliation are cordially invited to attend.

VA Announces Firmer Control On Tuition Rates

Veterans Administration today revised its contract requirements to provide a firmer control over tuition rates charged by many private schools for training veterans under the G-I Bill.

Approximately 400 private profit schools in the VA Branch 12 area (California, Arizona, Nevada and Hawaii) will be required to show that their charges are not excessive for the services they are offering the veterans they enroll.

The schools affected must negotiate a contract with VA to continue their veterans training.

VA emphasized that the new contract requirements affect only private institutions, whose enrollments consist mostly of veterans and were established since the passage of the G-I Bill or whose charges increased materially since the G-I Bill program began.

The changes, effective July 1, 1948, are being made in an attempt to correct and eliminate abuses in tuition charges that were uncovered in recent months.

With the new contract standards, VA hopes to make certain that the federal government is not paying for more than the veteran actually receives during his training.

Previously, VA's policy was to pay the private profit schools the customary charges made to all students. These payments could not exceed the rate of \$500 for a full-time course for an ordinary school year. Schools whose rates were higher had to justify their charges as fair and reasonable and negotiate a contract with VA.

VA based this policy on the assumption that the customary charges, established on a competitive market before passage of the G-I Bill, were fair and reasonable.

Since the beginning of the G-I education and training program on June 22, 1944, a large number of new profit schools were established. Enrollments in many of these schools consisted mainly of veterans. During the same period, other longer established schools, with predominantly veteran enrollments, increased their charges.

VA had little control over the tuition rates charged by these schools. No customary charges existed on which fair and reasonable tuition could be determined. As a result, some of the schools set excessive rates for the instruction offered the veterans.

In many cases, the rates were several times higher than charges made for similar instruction by older, well-established private schools in the same area. Rates often were set as high as possible without the need of justifying the charges in a contract with VA.

VA's new regulations require all these schools to show that their charges are not excessive for the services they are offering the veterans they enroll. In making this determination, VA will allow the private schools to include reasonable and necessary costs of operation in their financial statements.

OFF THE BLOTTER

Although Daly City escaped the tragic toll of traffic deaths which marked California last week end, the three-day holiday kept the local police department busy — preventing such accidents and controlling the heavy flow of traffic to and from the peninsula.

Numerous intoxicated drivers were apprehended before they had the chance to raise the accident rate here. Besides their usual duties, local police were called upon to help manage the record crowd at the Lake Merced Golf and Country Club Monday at the Benry Coltrin memorial tournament.

A seven-year-old boy sustained minor lip abrasions in an accident Sunday at the San Diego and Knowles avenue intersection. Charles Clarence Carter was treated at Junipero Serra Hospital after a slight accident between cars driven by his father, Leonard Charles Carter, 598 Vista Grande avenue, and Percy W. Rosenbaum, 453 San Diego avenue.

Alice F. Jordan, 241 Flournoy street, was taken to Junipero Serra Hospital in the county ambulance after she collapsed Wednesday morning in the San Jose avenue-Flournoy street intersection. Mrs. Jordan was transferred to Community Hospital for observation after emergency treatment by Dr. Lawler A. Drees.

Two cars were damaged Saturday in a collision at Hillcrest drive near Mission street. Drivers were Mrs. Myrtle Rose Armstrong, of San Francisco, and Mrs. Jeanette Amanda Gray, 76 Willits street.

Damage to both cars resulted from an accident last Friday between cars driven by Robert F. Wilmer, of San Francisco, and Frank A. Ott, of Colma. The accident occurred at Junipero Serra boulevard and 87th street.

Gambetta street, was cited for violation of the hill-hold ordinance Friday when her car, which was parked in front of her home, ran downhill and crashed into a car parked at 57 Gambetta street.

A car owned by Joe Wazethi, of San Francisco, was damaged last Thursday in a collision with an auto driven by Ruth Pigg, of San Francisco, at San Pedro road and Mission street.

Fifteen shrubberies were pulled from the ground in front of the Lake Merced Nursery some time during the night of May 30, according to a story given to the Daly City police Monday morning by August Conci, nursery proprietor. Conci said the shrubberies, which had been planted in a row at the front of his establishment on Junipero Serra boulevard, were not there when he appeared at the nursery Monday morning.

DEFECTIVE HOSE
Overheating of your car's motor may be caused by defective radiator hose, according to the California State Automobile Association.

The "most versatile soldier in the world" is the U. S. Army Infantryman. He's airborne, mechanized, amphibious, and master of modern artillery and communications as well as the tools of the ground soldier.

When you see a soldier with blunthead on his cap it means he's a real fighting man — a member of the "first team" — the U. S. Army Infantry.

12th Marine Band Heads Parade In Oakland, Monday

By Dave Hansen

Memorial Day in the city of Oakland was observed by a 9 a.m. parade on Sunday, May 30. Leading the parade was the 12th Marine Reserve Infantry Battalion Band, followed in order by the rifle companies of that outfit.

These Marines are the nation's semi-professional soldiers. The professionals consist of the Regular Marine Corps and the Regular Army; amateurs consist of those mobilized at the last minute, when war is imminent.

At the present time the 12th In-

fantry Battalion is putting the finishing touches on its 'pre-camp' training. Shots have been the order of the day for the past several drill nights. The Navy Hospital corps men attached to the unit have bared their needles in going to work with gusto on a whole battalion of shirtless humanity. This outfit is going to be healthy if it kills them.

The annual summer camp training period is slated to commence July 3. On that day the 12th Infantry Battalion will entrain for Camp Pendleton. The First Marine Division Amphibious warfare specialists will take over from there.

In addition to three days on the rifle range, individuals are scheduled to fire rocket launchers (bazookas), flamethrowers, machine-guns, and numerous and sundry other infantry weapons. Every man will throw live hand grenades.

Amphibious landings are to be made. Under tutelage of members of the famed 1st Division, pillboxes and bunkers are to be 'taken' and 'retaken.' There will be a night defense firing problem. Tracer bullets will be used so that the firing may be observed. Midway through the two week encampment, there is to be a battalion beach party, with beer, hot dogs, and soft drinks. The battalion will be billeted in the main camp of far-reaching Camp Pendleton. In addition to the small boat training, return to San Francisco will be made by sea on a navy troop transport.

Saturday night the Marine Corps Reserve Dance got under way at the Oakland Civic Auditorium. The large crowd present danced to the music of Ray Hackett and his CBS Orchestra. Bob Callahan was the vocalist.

The dance, besides being successful, was novel in that the

United States Marine Corps Reserve Marching Song was introduced there. This is indeed a fine piece, and was well received by the audience.

It is amusing to note that, now that the selective service act seems to have some possibility of becoming law, literally hordes of bright young men are now begging to become members of organized reserve components. This is true of the Marine Corps Reserve as well as of the Naval Reserve and the National Guard.

Those members of the Jefferson Union High School graduating class who are potential draftees, and who would prefer to do part-time soldiering instead, may join the waiting list for membership in the battalion. Just go to Hangar No. 2, Treasure Island on any week day between 8 a.m. and 4:30 p.m. or on Wednesday nights between 7:30 and 8:30.

Lecturer Predicts Supersonic Age

A sustained flight of a piloted aircraft at supersonic speed will be made before the end of 1948. This was the prediction made recently at the University of California by Hugh L. Dryden, director of aeronautical research for the National Advisory Committee for Aeronautics.

"It is only a matter of time before the supersonic flight of aircraft will be a commonplace event," Dryden said in a lecture sponsored by the College of Engineering. "This development will have endless ramifications in the daily lives and mental processes of all of us."

"The supersonic age will bring a lifting of intellectual horizons as man begins to think more seriously about the exploration of the high upper atmosphere, or even of free space and other worlds."

Serra Mothers Plan Breakfast Party June 10th

At a recent meeting held at her home on Parrott drive, Mrs. Thomas J. Duffy was hostess, honoring her officers, committee chairmen and room mothers who assisted her during her term as first president of the newly organized Serra High School Mothers' Auxiliary. Mrs. Maurice McCormick and Mrs. J. J. Loretz poured.

Members of the Auxiliary met for the last session of the school term recently and presented Mrs. Duffy with a beautiful gift, in appreciation. The following officers were installed by Reverend Vincent Breen, principal, and corsages of gardenias and sweet peas were presented to each member: President, Mrs. J. J. Loretz; vice president, Mrs. Mary Wallace; recording secretary, Mrs. Frank Shoddy; corresponding secretary, Mrs. Harold Varni; treasurer, Mrs. George Marianetti.

A donation was given the seniors for decorations and refreshments for the Senior Ball and the Auxiliary are sponsoring Senior Communion-Breakfast, which will follow nine o'clock mass in the school auditorium, to be held at the Benjamin Franklin Hotel on June 10, when mothers will attend with their sons. A gift of \$300 was presented to Father Vincent Breen for office equipment.

BEYOND REPAIR

Everybody makes mistakes, most of which can be repaired, but there's a terrible finality in the mistakes of many automobile drivers.

Dr. Samuel Herrick Is Cochairman Of Space Study Group

Dr. Samuel Herrick, associate professor of astronomy at the University of California at Los Angeles, has been appointed cochairman of the Institute of Navigation's new committee, TDCUAIN—Technical Development Committee on Upper Atmosphere and Interplanetary Navigation.

Cochairman with Dr. Herrick is Paul Rosenberg, a New York consulting physicist. Other members of the committee are from the U.S. Bureau of Standards, the Air Force and the Atomic Energy Commission. TDCUAIN will serve as a panel of experts to consider technical problems which are brought to the Institute of Navigation and which relate to navigation in the upper atmosphere and interplanetary space.

STEAM PRESSURE

Continued operation of an automobile engine after the water in the radiator has reached the boiling point may empty the radiator due to pressure developed from steam, warns the California State Automobile Association.

A GOOD INVESTMENT

Highway courtesy—consideration for other drivers and for pedestrians—is an investment which pays handsome dividends in traffic safety, says the California State Automobile Association.

fall semester which opens in September. He will fill the office now held by Jack Thompson of Redwood City.

Winning the coast conference in baseball with eleven wins and two losses, San Mateo went on to play Sacramento College for the championship of Northern California. The Mateans dropped a double-header and the title to the capital city nine, 6-3 and 2-0. Herb Hudson, in his first year of coaching baseball, is considered to have done a fine job in bringing the Mateans into the championship playoffs.

At the same time the Jaysee swimming team was placing third in the conference meet, with Frank Rainey of the Mateans getting a tie for the national record in the fifty yard race. He swam it in 23 and five-tenths seconds.

This Friday evening the college Bit and Spur club, composed of

men and women riders, will present their annual horshow at the Gymkhana Club in south San Mateo, starting at 7:30. The college riders will compete against San Jose and San Francisco state colleges and San Francisco College in what promises to be an outstanding riding and social event. Prizes for the different riding classifications and events as well as team awards are to be presented. The event is public, with tickets

being sold at the gate.

Coyote Point campus was the site of the recent air conference of amateur aviation enthusiasts

from several western states. Junior College aviation instructors acted as some of the principals in preparing the conference.

Responsibility Auto Drivers Is Increased By Law

Enactment of standard automobile liability insurance does not exempt driver or operator of a vehicle from certain responsibilities under the new California Motor Vehicle Responsibility Law, which becomes operative July 1, Henderson, Director of Motor Vehicles, warned today.

Standard automobile liability calls for minimum \$1000 damage coverage, \$5000 injury or death of one person or \$1000 for injury or death of persons in any one accident. Automobile liability insurance required minimum amounts security provisions of the law does not exempt a driver from the necessity of reporting his accidents," Henderson said. He is involved in a mishap

entailing injury, death, or property damage in excess of \$100 to any one automobile, including his own, he must report that fact within 10 days to the Department of Motor Vehicles in Sacramento, marked to the attention of Financial Responsibility.

"The law calls for suspension of the driver's license if he fails to do so."

Henderson's department will administer the law. He said the law has been mistakenly termed a "compulsory insurance law." No compulsion is involved, however. Insurance provides a means of meeting security requirements under the law but it is not mandatory.

If the driver is not insured he must post cash or other security to meet terms of the law. It requires the Department to suspend the driver's license of any operator or driver of a motor vehicle who within 60 days of reporting an accident fails to post an amount of

U. C. Expedition Reports On African Tribal Rites

A description of the blood-letting ceremony of the Masai, an East African tribe who live on a diet of blood and milk, has been reported to the University of California by the University's African

Expedition party in Kenya. Wendell Phillips, leader of the party, said that members of the expedition witnessed the rite performed by a Masai tribal elder and two warriors armed with spears and a bow and arrow. A young steer was selected, an arrow shot into his neck. The blood was allowed to flow into a gourd half

filled with milk. Phillips said the Masai elder drank this healthy mixture with obvious enjoyment, but that members of the expedition declined as graciously as possible.

The Masai, numbering about 45,000, live in a great reserve in western Kenya, where lions, elephants and rhinoceroses abound. The

warriors can kill a marauding lion with spears, and many bear the deep scars of hand-to-hand combat with these beasts.

Phillips reported that Dr. Henry Field, physical anthropologist with the expedition, made anthropometric measurements of the Masai. An English-Masai vocabulary was also compiled.

Report forms containing full instructions can be obtained from police departments, offices of the California Highway Patrol and branch offices of the State Department of Motor Vehicles. Folders explaining the law are available at these same locations, Henderson said.

He advised every California driver to familiarize himself with the law to safeguard his driver's or chauffeur's license.

PLANNING HOME CANNING?

Every jar of vegetables and fruits you "put up" this summer will pay off big dividends in good eating next winter. Of course, canning takes time—but it takes less time when you get everything you need right in your own neighborhood at Safeway. Canning costs less, too, when you buy supplies at Safeway's low prices. To help you in making your home canning plans, we offer at right a handy list of things you are likely to need.

Green Beans	Eancy Local—Lb.	19c
Corn	Fancy Imperial Valley, Well filled ears—Lb.	17c
Strawberries	Extra Fancy—12-oz. Basket—Each	29c
Fresh Cucumbers	Fancy Local—Lb.	12c
Yellow Onions	U. S. No. 1—2 Lbs.	15c
Winesap Apples	Northwest—2 Lbs.	27c

Prices including produce, subject to stock on hand and price changes made necessary by market fluctuations—Safeway reserves the right to limit quantities.

WHEN YOU HAVE AN AUTOMOBILE ACCIDENT, THE STATE WILL SAY:

"Put up to \$11,000 in cash, a bond or an automobile liability policy to show proof of your ability to pay for the damages or we will take away your driver's license."

Thirty-eight states, and the District of Columbia, have Financial Responsibility Laws which upon occasion require automobile owners and drivers to prove they can pay for accidents they do with their cars, causing death, or injuries, or damage to property within certain limits, or their driving licenses are suspended.

All states with Financial Responsibility Laws will accept a FARMERS Automobile Liability Policy as proof of your ability to pay. It's the easiest, most practical and economical way to comply with these laws.

ual Help church, 60 Wellington
venue.

THERE HAD TO BE A FIRST TIME

Advances in American naval ships and equipment have been marked throughout the century and a half of the Navy Department's history by important milestones of progress. One of these was the first flight from the deck of a ship, made in 1910 by Lt. Eugene Ely, when he took off from a miniature flight deck on the foredeck of the USS Birmingham (upper). Three years later naval aviation had its actual start when Admiral George Dewey signed the report of the General Board, which recommended the establishment of a Naval Air arm. Today aviation is one of the elements in the three-pronged American Navy. Flowering of "Navy Air" can be symbolized in such scenes as the lower photo in which an F-1 "Fury," a jet-propelled Navy fighter, makes a landing aboard the USS Boxer while the ship cruises off the California coast. (Official Navy Photograph)

Erma Luckhardt

Funeral services were held last Saturday for Erma Luckhardt, 235 Miriam street, who died May 29 at Community Hospital.
The deceased, a 60-year resident of Daly City, is survived by her husband, Caesar Luckhardt; two daughters, Borynlin Moore of Richmond, and Mrs. Lois Adams of Daly City; a son, Carson Luckhardt of El Cerrito, and a sister, Mrs. Ruby Coe of Orinda.
Services were held from the chapel of Snider and Sullivan Mortuary in San Mateo, with interment in Oak Hill Cemetery at San Jose.

SUMMONS

No. 45795
IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF SAN MATEO

Action brought in the Superior Court of the State of California, in and for the County of San Mateo; and the complaint filed in said County of San Mateo in the office of the Clerk of said Superior Court.

JOHN FAGAN, Plaintiff vs. ELLEN C. FAGAN, Defendant.

THE PEOPLE OF THE STATE OF CALIFORNIA SEND GREETINGS TO: ELLEN C. FAGAN, Defendant.

You are hereby required to appear in an action brought against you by the above named plaintiff, in the Superior Court of the State of California, in and for the County of San Mateo, and answer the complaint filed therein within ten days (exclusive of the day of service) after the service on you of this Summons, if served within said County, or served elsewhere within thirty days.

And you are hereby notified that if you fail to so appear and answer, the plaintiff will take judgment for any money or damages demanded in the complaint as arising upon contract, or will apply to the Court for any other relief demanded in the complaint.

WITNESS MY HAND and the Seal of the Superior Court of the State of California, in and for the County of San Mateo, this 14 day of May, A. D., 1948.

W. H. AUGUSTUS, Clerk by FRANCES CANN, Deputy Clerk SHIRLEY SAROYAN, SHEARER & SULLIVAN, Attorneys for Plaintiff 300 Montgomery Street, San Francisco, California (Pub. May 27 through July 29, 1948.)

NOTICE OF SALE OF REAL PROPERTY AT PRIVATE SALE

No. 14412, Dept. No. 1
IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF SAN MATEO

In the Matter of the Estate of GEORGE VRANIZAN, Deceased. Notice is hereby given that the undersigned, BERTHA TOFFEL VRANIZAN, Executrix of the Last Will and Testament of GEORGE VRANIZAN, deceased, will sell at private sale to the highest bidder, upon the terms and conditions hereinafter mentioned and subject to confirmation by said Superior Court, on or after the 5th day of June, 1948, all the right, title and interest in and to said GEORGE VRANIZAN, deceased, at the time of his death, in and to the real property hereinafter described, and all the right, title and interest that said estate has, by operation of law or otherwise, acquired, other than in addition to that of said deceased at the time of his death, of and in and to that certain lot, piece or parcel of land, situate, lying and being in the City of San Mateo, County of San Mateo, State of California, and described as follows:

A portion of Lot 15, as designated on the map entitled "Map of Subdivision No. 1 of San Mateo Park Cal.", which map was filed in the office of the Recorder of the County of San Mateo, State of California, June 5, 1902 in Volume "B" of Original Maps at page 50 and copied into Book 4 of Maps at page 51.

Also a strip of land running along the entire southerly boundary and width of said Lot 25, said strip having a uniform width of 1 foot, BEING a portion of 1 foot strip of land marked Reserved on "Map No. 1 Vista Grande, San Mateo, Cal." filed in the office of the County Recorder of San Mateo County, January 21, 1907, in Volume "D" of Original Maps at page 50 and copied into Book 4 of Maps at page 51.

Also a strip of land running along the entire southerly boundary and width of said Lot 25, said strip having a uniform width of 1 foot, BEING a portion of 1 foot strip of land marked Reserved on "Map No. 1 Vista Grande, San Mateo, Cal." filed in the office of the County Recorder of San Mateo County, November 5, 1906 in Book "C" of Original Maps at page 35 and copied into Book 4 of Maps at page 41.

TERMS AND CONDITIONS OF SALE: Cash, in lawful money of the United States of America; ten percent of the purchase price to be paid at the time of sale; balance on confirmation of sale by the Court. Deed and abstract at the expense of purchaser or purchasers. Subject to taxes and encumbrances.

All bids or offers must be made in writing, accompanied by cash or certified check for ten percent of the amount bid, may be left at the office of C. HAROLD CAULFIELD, attorney for BERTHA TOFFEL VRANIZAN, Executrix of the Last Will and Testament of GEORGE VRANIZAN, deceased, 1711 Mills Tower, 220 Bush Street, San Francisco, 4, California, or may be delivered to the Executrix, personally, or filed in the office of the Clerk of said Court in the County of San Mateo, State of California at any time after the first publication of this notice and before the making of the sale.

Dated: San Mateo, California, May 18th, 1948.

BERTHA TOFFEL VRANIZAN, Executrix of the Last Will and Testament of GEORGE VRANIZAN, deceased.

C. HAROLD CAULFIELD, Attorney for Executrix.

Administratrix of the Estate of WILLIAM ROSS OVERHOLSER, deceased FRANK J. FONTES, Attorney for Administratrix 827 Phelan Bldg., San Francisco, California (Pub. May 27; June 3, 10, 1948.)

Daly City Donors At County Blood Bank

Three more Daly City residents have added their names to the list of donors at the San Mateo County Blood Bank.

Mrs. Lillian Vollarino and Mr. and Mrs. Victor Sanguineto were listed as donors this week by officials of the blood bank.

NEWS FROM THE SCHOOLS

WOODROW WILSON

The children of the seventh and eighth grades are learning to write compositions or themes. The first ones are to be descriptive in nature with the topic "Who Am I." The composition is to be written so that after the person described, the persons who they can describe are limited to famous people of history, well known radio personalities, and famous inventors or authors.

The students of the low seventh grade are studying Australia. The students have found that Australia is a kind of a lost corner for plants and animals because things that died out in other countries kept living on in Australia so far from any other continents.

The fifth grade is learning how to subtract mixed numbers this week. Sometimes we have trouble finding a common denominator, but it is really easy once you do a few problems correctly.

The sixth grade is studying units of measure and doing problems in which you must know your tables like the number of pints in a quart or the number of feet in a yard.

The fifth grade boys and girls are studying the early settlements of the Ohio and Mississippi valleys. They have had some very interesting films this week about pioneer life on the plains.

The boys and girls of the high fourth are learning about the various methods of transportation which are used in Mexico. Burros, donkeys, oxen, carts, wagon and horses are the primary methods. Today the airplane, railroad, and automobile and steamship are being used in the large cities and seaports.

The fourth grade recently went on an excursion to Mission Dolores. The class is studying Early California and the visit to the mission proved most interesting and informative. The class left at 9:15 and returned at 11:15. They met near the Municipal bus to 18th and Valencia and walked from there to the mission. Four mothers, Mrs. Boynton, Mrs. Riley, Mrs. Sundermann, Mrs. Del Pape and Mrs. Hiett accompanied the class.

The children of the high third grade have been studying the Great Plains. The great cattle region of North America is the great plains. The children have made maps showing where the Great Plains are located. They have also written stories. They have learned some of the great cattle states are Texas, Kansas, Nebraska, Wyoming, and Montana.

CROCKER

In keeping with promoting the American ideal of the rights and liberties of the individual, the Jefferson Elementary School graduates are using as their theme for the graduation exercises "America Sings and Speaks." The program is a colorful and impressive presentation composed of songs, choral speaking, tap dances, a playlet, and individual speakers, unfolding in prose and verse, the appreciation of American government—yesterday, today, and tomorrow.

The patriotic background of enlarged silhouettes of the "Father of Our Country" and the "Great Emancipator" between which will be seen the United States' Shield in the colors of Old Glory, partially covering an enlarged map of United States, are the original outgrowth of the Crocker graduates, work carried out in their own classroom, under teacher guidance, as part of their social science unit this past term. "History of the United States." These students are also responsible for making the letters which form the words of the pledge to the flag. As one number on the program, "Our Pledge to the Flag," is given in verse choir by all the graduates, the words, "I Pledge Allegiance, etc." will be pronounced on the stage.

A greater appreciation of the ideals and educational leadership of the elementary schools of Daly City cannot be overlooked as one listens to the sincerity and vehemence with which our local young "America Sings and Speaks."

Women Of Moose Election Slated Next Thursday

San Francisco Chapter, Women of Moose, will hold election of officers June 10 in the Odd Fellows Building, 26 7th street. Alumni Chairman Carmen Murphy will be hostess for the evening, assisted by Recorder Gladys Sisco.

A class initiation will also take place. The sewing unit will meet at the home of Homemaking Chairman Helen Anagarus June 7 at noon, 359 Jersey street. Officers and committee chairmen will hold their meeting at the home of Grad. Regent Marie Stella, 165 Tara street, on June 15 at 8 p.m.

Conway, Culligan Defeats Johnson Roofers Five

Conway and Culligan stepped into the Jefferson Night League lead by virtue of a rough and tumble, hard-fought basketball victory over the Alex Johnson Roof Company Tuesday night.

It wasn't so much the touchdowns that won for the Builders as it was the points after the touchdowns—er, that is—it wasn't so much the field goals as it was the free throws.

Both teams were previously unbeaten, this being the most important game that either team has played. The Roofers took an early lead which changed hands frequently, right up to the final horn. Half time score was 14-13 in favor of the boys from Millbrae. The ace Van Alstine brothers, stars from Menlo J.C., made their first appearance for Conway and Culligan and lived up to the fanfare previously given them. The score was tied at 22 all with six minutes left to play, when Bobbie Cannon, speedy Builders forward, stole the ball from Ralph Capps who was bringing down a high pass, and took it in for two. Seconds later "Wrong Way Capps" went up to deflect a tip in by Van Alstine and did so—he reflected it right into the opponents' basket for two more, making the score 26-22 in favor of the builders.

Thoroughly disgusted with himself, Capps, who is also the coach for the Roofers, called for a substitute to take his place; but before the sub came in the long forward deflected a pass again into the hands of an opponent under the basket, who stretched the lead to six points. Oh well, we all have those nights, don't we. This lead was narrowed to three points, but never tied as the game ended in a 30-27 victory for the Conway and Culligan five.

The Millbrae team has several "name" players, such as Bud Goodier, the Van Alstine brothers, etc., who all live up to their reputations, but a standout and real crowd puller is a swift little number 8, Bobby Cannon, from San Francisco State. Bobby amazes the crowd with his ability to cop the ball from the six-footers and his speedy "all-over-the-court" play.

Standouts for the Roofers were Johnson, Welsh, Rereich, Wright, and, as usual, "Big Red" Prescott. High scorers were Rereich and Johnson with nine points each. Goodier was held to six points, but took high point honors for Builders. The rest of the Conway and Culligan points were well distributed, many of them being free throws.

The first game of the same night was a one-sided affair, Colma Boys Club taking a 47-23 victory from four Cortesi players. Because of illness and late working hours, stars Russ Giudice, Bill Dailey, and others were unable to play; leaving Cortesi with only four men. They elected to play minus the fifth (player, that is) instead of forfeit. No games have been forfeited in this league as yet, a good record considering the fact that teams come from Visitation Valley, Millbrae, South San Francisco, and San Mateo. The Colma boys tanked 14 points before Cortesi's four knew what happened. From then on it was just a matter of what the

Frank Rehe On Vacation In Nevada

Frank Rehe, proprietor of Frank's "76" Union Station in Daly City, vacationed last week at Reno and Lake Tahoe, Nevada.

Picture postcards of the vacation spots were sent last week to Rehe's friends here.

Esther Williams Heads Crest Bill This Sunday

An outstanding musical score of fourteen different numbers, ranging from opera to lullabies, Danish folk songs and a "hot" Latin ditty, are sung and performed by Esther Williams, Lauritz Melchior, Jimmy Durante, Johnnie Johnston and Xavier Cugat and his orchestra in M-G-M's big new Technicolor musical, "This Time for Keeps," coming to the Crest Theatre Sunday.

Six of the numbers are assigned to Johnnie Johnston of radio fame, who is cast as Esther Williams' leading man in the new musical. Johnston sings "S'no Wonder," with Miss Williams and Sharon McManus; "Un Poquito 'D' Amor," with Dorothy Porter; "I Love To Dance," with Miss Porter; "I'll Be With You in Apple Blossom Time," "Easy To Love" and "Why Don't They Let Me Sing a Love Song."

Melchior's songs include "Danish Children's Song," "Donna E Per Sempre Mobile," "Ora E Per Sempre Addio" and "Mappry Martha."

The inimitable Durante has such numbers as "Little Big Shot," "Ten Per Cent Off" and "Don't Say It With Ink," while Dorothy Porter sings "Chiquita Banana" to the accompaniment of Xavier Cugat and his orchestra.

Boys Club could be held to Bob Savely scored 10 points for the winners, and Laughter scored 13 for the South City team.

Next Tuesday the league leading Conway and Culligan Builders meet the Visitation Valley Merchants in the 7:20 game, with the South City Windbreakers scheduled to play the Cortesi five at 8:30.

Thursday the Colma B. C. will match plays with the undefeated Speed Liquor. The second affair will be the "battle of the Roofers," Colma Boys Club meet American Roof Maintenance, both teams hailing from Daly City.

No games were scheduled last week because of the aquadecade.

The league standing: w 1 Conway and Culligan 3 0 Speed Liquor 3 0 Alex Johnson Roofers 2 0 Colma Boys Club 2 1 Windbreakers 1 1 American Roof Maint. 0 2 Visitation Valley 0 2 Cortesi 0 3

Colma B. C. 22, Breckenridge, Oh!

The Colma Boys Club "A" team opened its summer play last Sunday with a smashing 22-0 victory over a completely outclassed U.S.S. Breckenridge team.

Ottomello's no-hit, no-runner was a masterpiece long to be remembered, as only two navy batters reached first base, one on the only Breckenridge walk, the other on the single Colma error by usually dependable Olcese. As the 10 hits, 22 runs would indicate, the navy pitchers gave many walks and their support was quite rusty.

Manager Louie Mossi attributes the smashing victory to Ottomello's excellent pitching, fine fielding support by the entire Colma team, and an opponent which has had little chance to practice. The opponents were from the good ship U.S.S. Breckenridge now stationed at Hunters Point. The game was called at the end of the sixth inning, due to a time limit.

Thus Joe Sarto's Colma Boys Club, composed of practically the entire Jefferson High team, commences its second season with an excellent display of baseball. The Boys Club also has a junior team managed by R. V. Bear. Next Sunday's game will start league play in the San Francisco league.

Here are the box scores:

Colma B. C.	ab	r	e	h
Lughi, lf	4	1	0	1
Michell, 2b	2	1	0	2
Ottomello, p	4	0	0	2

HIGHWAY CODES

Two codes govern the conduct of careful automobile drivers: The Vehicle Code and the Code of Sportsmanlike Driving, points out the California State Automobile Association. Observance of both codes prevents traffic accidents.

Successful applicants for today's Regular Army are making an average score of 90 in mental tests, compared with 40 under Selective Service.

SPORTS REVIEW

LEGION TEAM LOSER OPENER

The Daly City junior baseball team fumbled their first game 9 to 5. The game was a league game against Redwood City played on the opponent's home diamond. Don Grofer pitched a good game, allowing only three hits, but errors turned victory into defeat. The team showed good possibilities, however, and with a little more practice can expect a pretty fair season. Manager Ray B. Richison, a member of the local post, has graciously donated his time and efforts and is doing a fine job with the boys.

Monday's game, which was to have been played at East Palo Alto, was called off because of a muddy field, and will be played on some future Saturday.

Next Saturday at 12:30 the boys will play their second league game at Marchbank park. This being the first home game a good crowd is anticipated.

Lineup for the Redwood City game included Goodnol, 1b; Cecil Valverde, 2b; Jack Rehe, ss; John Matzek jr., 3b; Buster Sheriff, lf; Bob Lynch, cf; Don Grofer, p; Moyae, c; Donnelly, relief pitcher; and Jerry Rehe, rf.

FREEMAN LEADS LEAGUE IN PITCHING

Bill Freeman, our local boy who is making good, is leading the league with a three win and no loss record at Yakima, Washington. Bill was sharing this lead with one other pitcher, the last we heard, one week ago. Freeman and his Yakima teammates have been rained out on many occasions lately, and have sent special delivery for some Daly City weather.

While visiting Bill at the Seals' training camp at Boyes Springs last March, he introduced me to his roommate, none other than Don Dempsey. Dempsey, as you Seal fans know, pitched 33 innings without allowing a single earned run. His streak was broken last Sunday while losing a 2 to 0 close game to Los Angeles. Dempsey and Freeman have been corresponding regularly and they both hope, as do Bill's many friends and followers, that they will be teammates at Seals stadium next year.

JEFFERSON FOOTBALL GREATS ON REVIEW

The new Daly City A.C. football team, organized and coached by Harlie Ferrando has stimulated much thought of how we would like to see some of Jefferson's past greats combine and play together on the same team. That is exactly what is happening with the financial backing of the Daly City Merchants. This new team is a dream come true to many of Jefferson alumni and to Daly City football fans. Although several of the great are unavailable because of college or pro ball, and some because the war has taken their lives; how

U. C. Man Cites Electrical Hazards

The spectacular dangers of high-voltage electrical circuits, well known and well guarded against, paradoxically constitute a lesser danger to the average person than do low-voltage circuits, in a modern society in which low-voltage electrical appliances abound.

This is one of the points raised by Charles F. Dalziel, associate professor of electrical engineering at the University of California, in a new summary of the results of several years research in electrical shock.

Professor Dalziel reviews information on the behavior of shock currents and charges, describes their physiological effects, and lists some accident statistics.

Dalziel warns that while it is true that the hazard from contact with electrical circuits is largely dependent upon voltage, the actual danger to life depends almost entirely upon the amount of current flowing through the body.

He cites as an example that a man accidentally coming into contact with a 60,000-volt circuit when standing on a very dry wood pole may cause a smaller current to flow than he who inadvertently grasps a defective 110-volt portable appliance when in a bathtub.

RIDING QUALITY

Condition of springs, shackles and shock absorbers govern the riding quality of your car, the California State Automobile Association points out. The springs operate by predetermined friction. Shackles allow up and down movement and shock absorbers control rebound. These units work in unison and require regular attention in order to insure riding comfort.

would you like to field a team like this one composed of Jeff footballers of the last ten years, Harlie? Ends: Herb Poddig, '40; Louie Del Salvador, '47; Tackles: Jack Faulk, '42; Ed Milano, '46; Guards: Buster Eldrup, '39; Ed Columbin, '40; Center: Roddy Dave, '42; Richie Morgan, '47; Backs: Tony Compagno, '39; Roy Giusti, '40; Harlie Ferrando, '41; Don Mossi, '47.

No doubt you can think of several whom I have for the moment forgotten, but this "spur of the moment" eleven wouldn't be pushed around by any college team. It's too bad that they are not all available, but some of them plus others will be seen in action on the familiar field of their old alma mater.

Thursday Matinees During Summer At Daly City Theatre

Beginning June 24 and continuing through the summer months, the Daly City Theatre on Mission street will present a special Thursday matinee each week featuring children's films.

The first two pictures, chosen for the June 24 twin bill, will be "Under Nevada Skies," a Roy Rogers western, and the famous dog story, "The Biscuit Eater."

Future Bride Feted At Shower

Miss Betty Jean Rees of San Bruno, who will wed Joseph Armanino of Colma in a Sunday ceremony, was feted recently at a miscellaneous bridal shower at the New Colma Cafe.

Hostesses for the affair were her fiancée's mother, Mrs. Joseph Armanino; his sister, Mrs. Louis Moresco, and friend, Mrs. Caesar Tardito. Six-year-old Catherine Moresco received guests with her mother.

Dinner was served to 88 women, at tables decorated in a green and white scheme.

Michael Dwyer Dies In Hospital

Funeral services were held yesterday for Michael J. Dwyer, 57, who died Sunday of heart failure at Junipero Serra Hospital.

A resident of 194 Flournoy street, Dwyer is survived by his widow, Hannah Dwyer; four children, John, Kathleen, Mary and Kevin Dwyer, and several brothers and sisters in Ireland. He was an employee of the San Francisco Municipal Railway, and a native of Manchester, New Hampshire.

Services were held from the chapel of Duggan's Funeral Parlor, followed by requiem mass at Our Lady of Perpetual Help Church. Interment was in Holy Cross Cemetery.
